OFFICE OF LEGISLATIVE COUNSEL

Friday - 12 October 1962

25X1 1. [] General Carter, accompanied by John S. Warner and Mr. Sheldon, met with Senator Leverett Saltonstall. See Memorandum for the Record.

25X1 2. [] Glen Wilson, Senate Space Committee staff, called to say the Chairman has received a report from [] dated 27 September 1962, indicating that the Soviets are now engaged in a "crash space warfare program." Wilson was interested in any comment we might want to make on this. After checking with [] OSI, I advised Wilson that [] was well known to us as a fabricator of reports and added we had no information to substantiate his statement. However, I asked Wilson to send us [] report in order that we might look at it further.

25X1 3. [] Mr. McAfee, Coordination Staff of State Department, called regarding a constituent letter which Senator Wiley referred to State for reply. McAfee gave me the text of the constituent letter and State's proposed reply; the substance of which was that the Department saw no reason to deny to one of their staunchest allies equipment to be used for the collection of information concerning an enemy which threatened its existence. I advised McAfee we would have no objection to such a reply.

OFFICE OF LEGISLATIVE COUNSEL

Wednesday - 19 September 1962

25X1 1. [] Mr. Leahy, Congressional Relations in State Department, called to advise us of developments in the House on H.R. 11732. (This bill came up in the House under suspension of the rules but an objection was voiced by Representative Margaret Stitt Church.) Mrs. Church has contacted Fred Dutton, Assistant Secretary of State for Congressional Relations, and indicated a concern over the security aspects of this bill. She specifically asked Mr. Dutton for FBI's position on the bill. Dutton advised her that the bill had been cleared through the Bureau of the Budget which process included the Department of Justice. Mrs. Church has asked for, and State is preparing, a briefing for her on the bill. Leahy originally suggested that we also contact Mrs. Church. I suggested as an alternative that State advise Mrs. Church that the Agency had an interest in the bill. If she then requested something from us we would be pleased to respond. Leahy agreed with this suggestion.

25X1 2. [] I met with Representative Daniel L. Flood to discuss his letter to the Director concerning [] 25X1
25X1 [] Flood had asked us for information as to [] participation in various rackets including clandestine shipment of arms and narcotics through Colombia. 25X1
On the basis of information provided by the [] and [] 25X1
25X1 [] I advised Mr. Flood that [] was well known to us and, although we had received numerous reports of his involvement in illegal arms shipments, dealing in narcotics and the like, there was no proof of such activities on his part. Mr. Flood stated that he was "sort of the expert on Panama around here" and demonstrated considerable knowledge of the situation about [] and [] generally. Flood denounced [] 25X1
[] in the foulest terms but acknowledged that [] was 25X1
extremely clever. He was not surprised that we were unable to report on any proof of [] alleged activities. Flood was most cordial and thanked me for coming up to see him on this.

25X1 3. [] Left with Glen F. Wilson, Senate Aeronautical and Space Sciences Committee staff, copy No. 161 of [] "Soviet Science & Technology Through 1971" dated 23 May 1962. Mr. Wilson appreciated our thoughtfulness in making this study available to the Committee.
